Golden Warrior

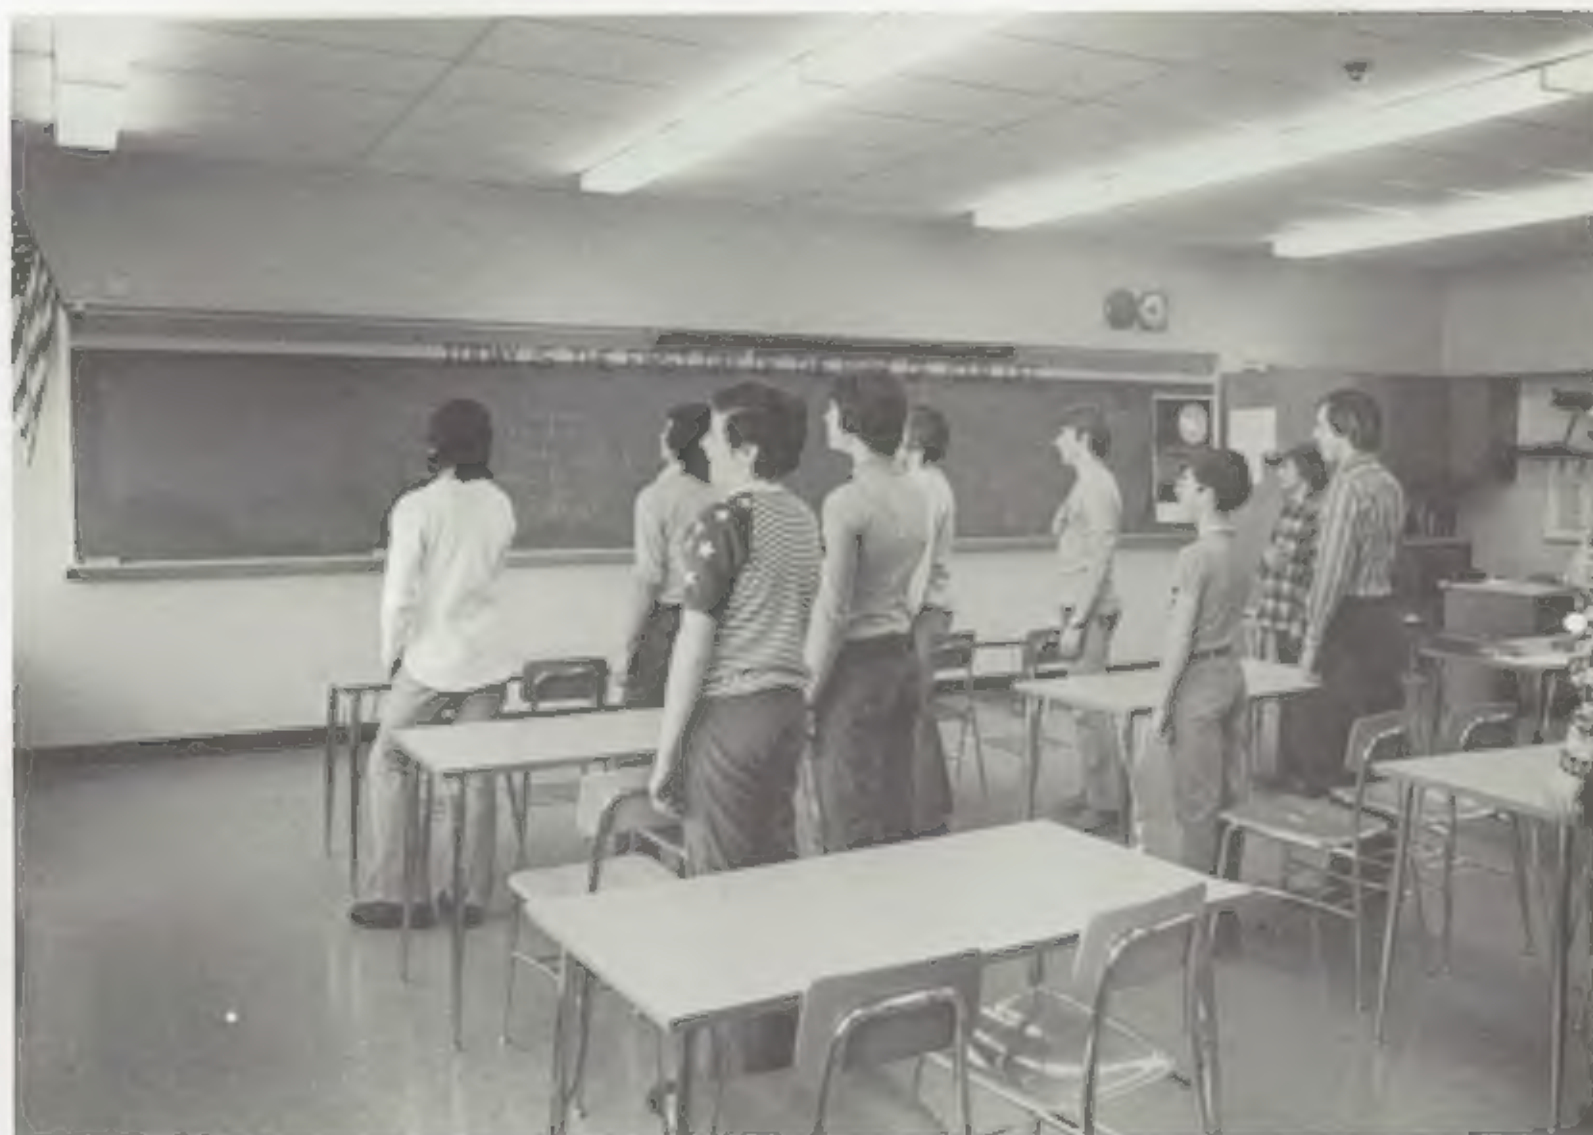

294-

The Senior Class Presents . . .

the 1973 edition of . . .

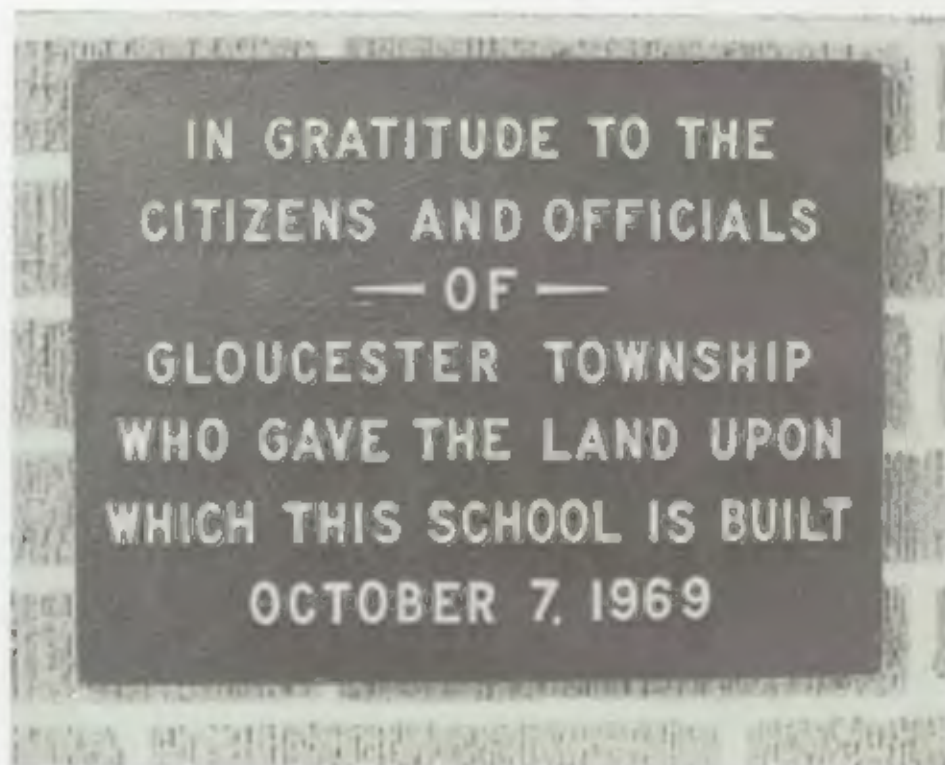

# Golden Warrior

Volume III

Camden County Vocational-Technical School  
Gloucester Township Campus  
Berlin-Cross Keys Road  
Berlin, New Jersey

# DEDICATION

Isn't it strange  
That princes and kings,  
And clowns that caper  
In sawdust rings,  
And common people  
Like you and me  
Are builders for eternity?

Each is given a bag of tools,  
A shapeless mass,  
A book of rules;  
And each must make—  
Ere life is flown—  
A stumbling block  
Or a steppingstone.

These words, penned by R. L. Sharpe, seem to carry the message of the citizens of Gloucester Township to the students—past, present and future—of this beautiful, well-equipped school. On the occasion of our fourth year of operation, our full-grown year, we especially remember you and your generosity.

For your thoughtfulness in donating the land on which our Alma Mater stands, for your vision of a relevant, practical education for all, and for your continuous interest in and support of our school, the yearbook staff proudly dedicates this third volume of the *Golden Warrior* to you—the citizens of Gloucester Township.

# BOARD OF EDUCATION

L. to R.: Kathryn E. Conlin, *President*; Thomas Lowers, *Vice President*; Ernest Schreiber, Hugh P. Reilly, Anthony B. Petrongalo, Donald C. Springle, *Superintendent*; N. John Amato, *Secretary*.

Mrs. Ruth Cardillo  
*Secretary to Superintendent*

While attending a public function recently, a local high school band played "America the Beautiful" and "The Star Spangled Banner". After the band was finished, the crowd stood and cheered. It was wonderful to see the patriotism displayed. This is a healthy sign and means that all of us are well on the way to regaining the ideals and principles that built this country. You have completed your schooling in a trade area. This, too, is a building area. We hope your foundation is sturdy and that you can continue to build this country into an even greater "land of the free and home of the brave".

# INSTRUCTIONAL SUPERVISORS

Basic to any progressive educational system is the kind of supervision which offers critical evaluation and serves as a resource center for the various subject areas. The Camden County Vocational Education System provides this type of supervision through the work of four supervisors. The major work done by them is curriculum writing, workshop planning, observation of teachers, and assisting teachers

in carrying out plans which require more than normal preparation.

All have worked as classroom teachers, have taken numerous graduate courses, and are exceptionally well-equipped with knowledge in their particular areas of supervision. Their services are indeed vital to the school.

Thomas Byrd

Claude DiGenova

William Heulitt

Benjamin Verdile

# FACULTY

# HIGH SCHOOL

Four years ago, you as the Class of 1973 began your education in a new school that was the culmination of the efforts of many people.

You will always remember many of the trying and rewarding experiences of that first year. You contributed your ideas, your labor, your skills, and your hearts to help make this one of the finest vocational-technical schools to be found anywhere.

We learned and persevered together on this memorable four year's journey. Thanks for all your help and congratulations.

Frank D. Miller,  
*Principal*

Commencement often stirs mixed emotions in the hearts of those who have worked with the graduates. A sense of sadness in the parting, but a feeling of joy in their accomplishment.

Congratulations to all of you and much happiness and success in your future endeavors.

Edwin Bacon,  
*Assistant Principal*

Mrs. Betty Higginbotham,  
*Secretary to Principal*

Mrs. Ruth Gelow,  
*Secretary to Assistant Principal*

Mrs. Jean Gorney, *Office Clerk*

# SPECIAL NEEDS

The Special Needs program provides vocational-technical education to meet the needs of students with learning disabilities—physical, mental, or environmental

The purposes and objectives are to

Motivate special needs students to remain in school

Develop employer-employee relationships rather than work skills

Develop vocational maturity

Provide special needs students with an opportunity to succeed

Develop proper work habits

Develop speed, accuracy and endurance required for work

Present the students' strengths and limitations

Determine interests, aptitudes and abilities which emphasize inter-dependency

Develop self-evaluation in relation to the desired job

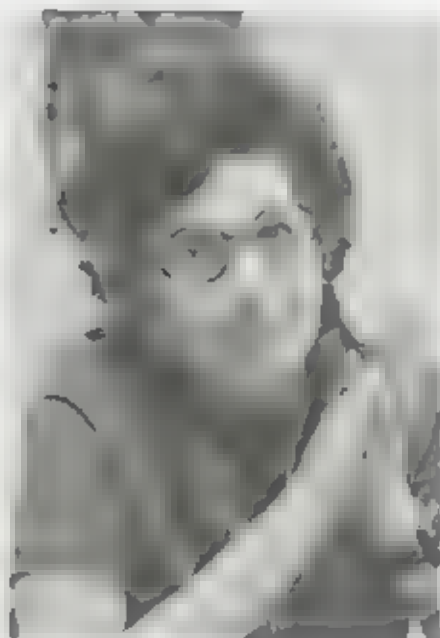

Adjust to regulations and job responsibilities.

Provide meaningful basic skill training after the evaluation process

"The talent of success is nothing more than doing what you can do well; and doing well whatever you do, without a thought of fame."

*"Life is a race. Don't whimper if the track is rough and the goal is distant. One day you shall reach it."*

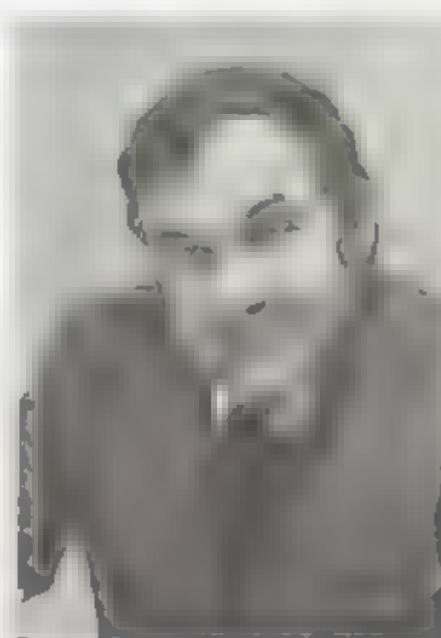

Betty Sandberg  
Secretary to the Director

Charles Amos  
Social Worker

Ernest Cipolone  
C/E Coordinator

James Perelli  
Learning Disability  
Specialist-Teach. Consultant

# GUIDANCE

"The guidance staff exists to assist students in achieving the most from formal educational experience with the help of teachers, parents, and administrators. It's ultimate goal, like that of parents and other educators, is to encourage the most growth and development in each individual student. Attempts to accomplish this are made through recruitment, scheduling, placement, counseling, and serving as a resource center. Guidance personnel are trained to administer in these areas. They can call upon the resources of the community for additional counsel, knowledge, or to make a referral when the need arises. As a member of the educational team, guidance coordinates many different functions; however, guidance can be only as effective as those concerned understand, support and use its services."

Mrs. Jessie Miller  
Guidance Director

Barbara Cassario  
Secretary

Mrs. Claire Civatte  
Clerk

Michael Gallagher  
Counselor

Robert Neugebauer  
Counselor

William Wiley  
Counselor

John Mayer  
Counselor

Andrew Di Nardo  
Counselor

# POST SECONDARY

Post Secondary education at Camden County Vocational & Technical School combines skills in a trade area with academic course work relevant to that area. In addition, through an intramural program and through an active student council, both physical and social activities are an integral part of the program. Thus, our graduates bring more to their job than competence in a specified field. They are capable of meeting the challenges of an ever-changing society.

Best wishes to the graduates of 1973

Carl Messinger,  
*Director*

**SHOPS**

J Demore, L. McCleary, F Napoli, K Stewart, J. Clerkin, J Taylor, R Hienes, D Brownlow, S Long, H Parker, J White, K Goins, N Gazarra, D Boruck C Moore

Utilizing the tools of the trade (service gages, psychrometers, swadging and floring sets), students gain skills in the practical and theoretical aspects of the trade. These include installing, cleaning, repairing and adjusting units.

Diagnosing the motor problems of a refrigerator, these students practice trade skills.

L. to R. Front row—J. Irwin, J. Garczynski, J. Melita, W. Baderman, C. Matthews, B. Pacana, T. Brothers. Center row—E. Parks, S. Kenny, G. Gesswein, E. Scott, E. McGeehan, M. Moses, B. Higgins, J. Garczynski. Back row—Mr. A. White, V. French, K. Griffith, M. Snyder, K. Scriboni, G. Binck, V. Campbell, E. Procaccini, V. Lauria, S. Harris, L. Patruzzi, T. Pollock

Facts about the domestic oil burner, how to rebuild pumps, the various types of pumps and nozzles and all necessary theory make up the scope of this year-round, profitable area of work

Checking on the operation of a burner is one of the routines in the area of the work of this shop

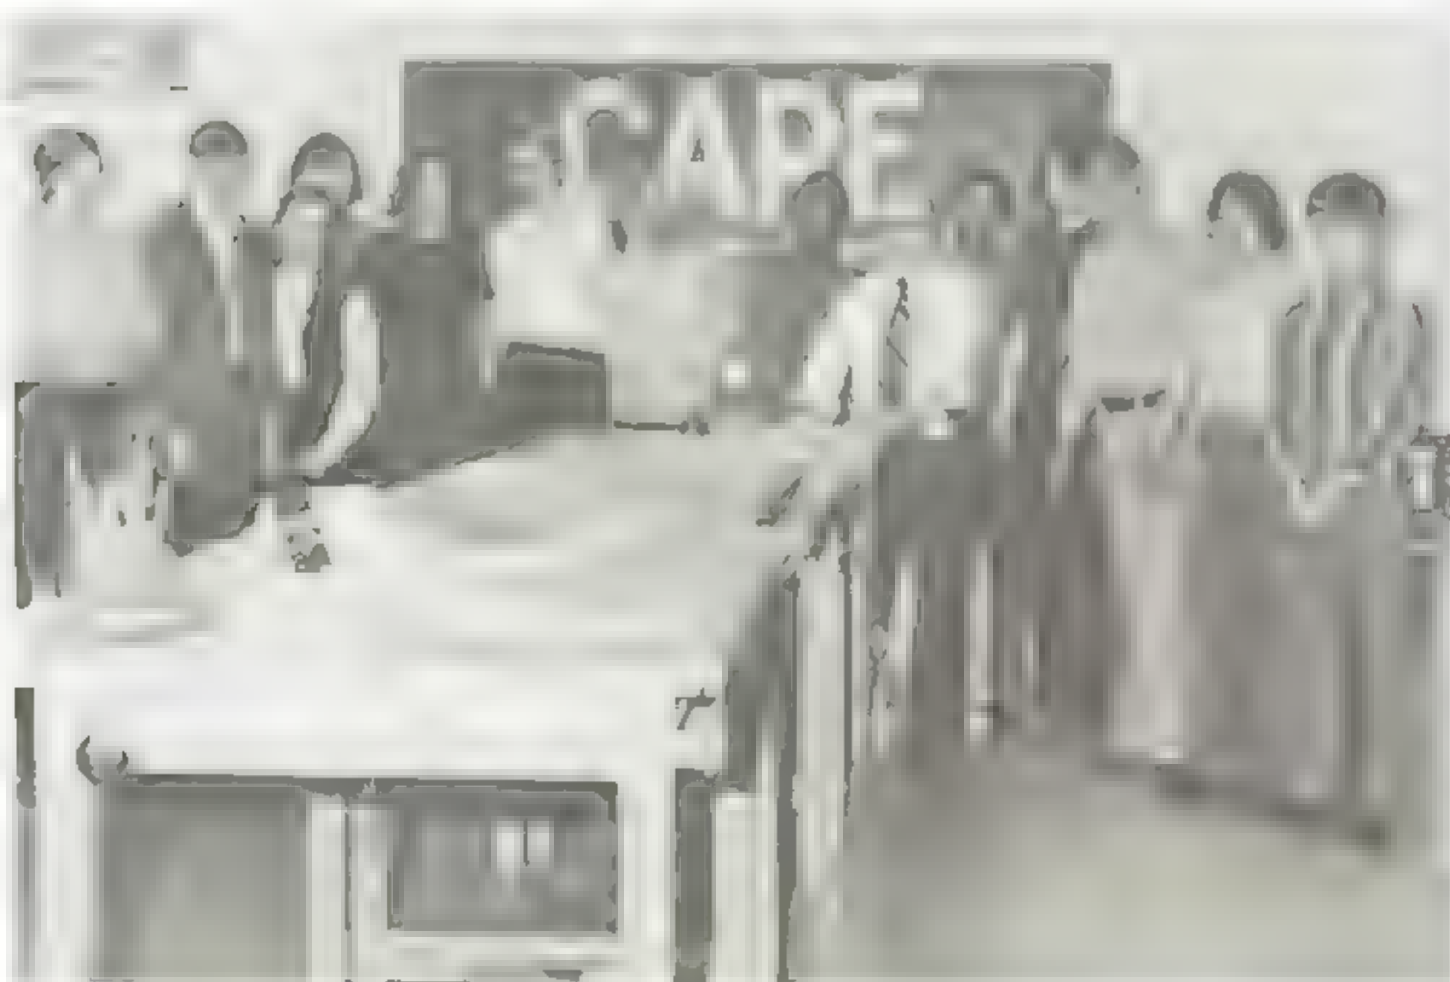

L to R—J Smart, Mr Hanes, F Bowers, R Lightcap, K Congdon, D Worley, R Watson, K Jackson, J Calhoun, W Williams, D Rumbol, R Wichowski, R Jacke

The Architectural Drafting course prepares to serve as the channel of communication between the Architect and the builder. A graduate from this course is able to translate the ideas, sketches, and designs of an Architect into sets of drawings from which a structure can be built.

J. Smith, K. Resavy, S. Russell, J. Berenato, J. Widua, S. Basford, L. Johnson, Mr. Hanes, G. Baals, L. Di Biasi, M. Farley, J. Hatton, A. Quincy, A. Busch

*Kneeling*—M. Amelio, J. Stooick, W. McLeod, R. Angelino, H. Smith, J. Schneider, B. Minus. *Standing*—A. Conto, P. Kaminski, R. Collins, D. Caucci, H. Kanady, K. Chambers, B. McLeod, D. Simpson, D. McLain, Mr. T. Di Taranto

This course covers all the basics of collision repair. Using hand and power tools students learn sanding, masking, plasticizing, priming and spraying cars with both enamel and lacquer paints.

*Kneeling*—J. Machinsky, W. Tretter, E. Edwards. *Standing*—C. Zehner, G. Sparks, J. Oehrl, R. Eberhard, Mr. T. Di Taranto, A. Gibson

*Kneeling*—J. Loundes, J. De-  
bouno, R. Damerau, G. Putz, R.  
Mohrfeid, R. Dando, D. Morley,  
T. Heritage, J. McNally *Stand-  
ing*—L. Mehaffy, V. Pang-a, R.  
Louletta, G. Cassaday, L. Wrig-  
gins, K. McCann, B. Henszey, F.  
Meinel G. Hutner, K. Franke

This course is designed to teach the fundamentals of auto work. It includes the theory of component parts, the electrical system and engine operation, transmission, drive shaft and differential. Practical work on cars allows experience to be gained in the field.

*Kneeling*—E. Fenning, Q. Still,  
T. Kuntz, H. Wedgeworth, M.  
Buck, C. O'Neill *Standing*—F.  
Tomarchio, M. Loscalzo, B.  
Laielli, K. Franke, B. Suhia, K.  
Jones, J. Alexander

Front row—J. Armstrong, W. Archut, T. Hoch, W. Fox, D. Pennington, D. Marshall, S. Ignaczewski, S. Scherer, B. Sievers, R. Bracarello. Back row—M. Elliott, S. Peters, J. Sergi, R. Troule, J. Dimuzio, A. Figga, J. Conglin, L. Lehmann, J. Boyle, Mr. Hounslow

Practice of lessons learned is done on cars of students, teachers and staff. These repeated experiences help to 'establish' mechanical technique, to improve skill in diagnosis and to give confidence to students.

Standing—Mr. Hounslow, W. McConney, H. Brooks, S. Davis, H. Weyman, L. Sproul, J. Hahn, R. Geigelman, Mr. Riles. Seated—R. Moorhouse, C. Lyons, K. Wilson, M. Farola, W. Palmer, P. Klotz, R. Barton, W. Rulon

Front row—R Plum, M Negro  
B Barton, Mrs Kramer, T  
McKee, J Fulbrook, M  
Knoblauch F Smedile C Turn-  
er, K Dillara. Back row—G  
Marshall, G Miller J Beare, A  
Kehler, D Gerrett, T Weisger-  
ber, A McCabe, D Wright, C  
Laughlin, G McCloskey, D Fra-  
zier, L Cease, E Basara, D  
Pratz M Davs

With the ultimate goal of licensed beautician, this shop instructs in the many areas of the service—hair styling wig styling, hair coloring, hair cutting, facials, manicures and make-up. Theory dealing with the study of cosmetology is also taught.

Front row—T Slater L Merlino  
J Jystice Center row—D Di-  
Marco, D Haddix, K Foy, A  
Parkes, D DiPatri, M Berg, C  
Nichols, P Leonhardt, B Clark  
Back row—D Taylor, D Hunt  
P Harwanko, D Genaw, D  
Beottcher, V Polin, M Ward F  
Krauss

*Kneeling—R. Callahan, D. Casario, R. Wilson, W. Winter, R. Johnson, N. DePalma. Standing—G. Miller, M. Pansa, M. Brownlee, J. Cochran, D. Williams, R. Zimmerman.*

Students in the Building Trades Shop develop skills in Woodworking, metalworking, plumbing, electrical, and masonry, enabling them to work in building construction.

*Front row—J. Sadoff, H. Riding, J. Holmes, D. Stiles, J. Derieux, D. Fizur, Mr. Ebbecke. Back row—M. Griffin, T. Burns, B. Puliano, E. Smith, S. Gardener, M. Squibb, E. Lewis.*

*Bottom to top—T. Muller, A. Mazzuca, J. Wackerle, M. Sheeks, T. McDermott, K. Wood, J. VanDyke, R. Lalena, D. White, L. McKelvey, D. Lare, R. Burgess, B. Przbiski, R. Ellwell, D. Speas, V. Speese, P. McKelvey, B. Barbera, C. Wilson, R. McFall, S. Haas, R. Richards, E. Thomas, D. Williams, K. Wright.*

*Bottom to Top—H. Smith, D. Piscitelli, G. Hamilton, P. Albano, S. Moon, M. Hobbins, J. McFall, C. Wiggins, L. Washart, A. Buffington, J. Stelmach, R. Stafford, R. Marks, R. Lightcap, B. Johnson, J. Buckley, J. Vitagliano, M. Buckley, J. Duffy, S. Nichols, M. Lynch, W. Surynt, J. Fahey.*

*Designed to produce qualified and skilled craftsmen, these students learn all about wood joints, machinery operation, cabinet building, formica work, raised panel doors, storage cases and picture frames.*

Front row—K. Sapoznick, R. Werner, H. Sturgis, S. Bonney, K. Sapoznick, W. Garney, W. Hans, J. Talarico Back row—D. Bello, D. Woolston, D. Delaney, W. Hall, S. Kelley, E. Paxson, E. Rodgers, T. Sommers

All of the techniques of building are studied by students in this course. Framing a house is a major project, and is an annual undertaking of the class. Scale models and their construction offer practice serving to strengthen lessons learned.

Mr. Davis, C. Kealey, R. Harris, D. Eaton, K. Reiley, F. Cole

Front, L to R—C Miller, G English, K Smith, J Saba K Meehan, D Schwegel, S Banch  
Middle, L. to R—Mr Lang, A Walters, T Smith D Self, G Cella B Coates J L Saba M Vanauken, G McDonald. Back L to R—P Williamson, J Galon G Wakefield, L Braddock, B Bennett K Brown

Chemical and Nuclear Technology is a four year course designed to prepare the student for a career in the chemical industry. Particular emphasis is given to laboratory work

These two students make acetone in a routine experiment in the chemistry laboratory

*Standing, L to R—D Bishop, F Campanella, Mr. A. Baals, J Turck, C Smith, M Goldsboro J. Hanby, N Widman. Kneeling, L to R—L Dorrell, S Magowan R Parker, F Liwock, J Hantzelman*

The fundamentals of baking pastries, cakes, breads, rolls and pies are practiced in this class. Baked goods are sold in the bake store which is operated for the convenience of the faculty and students.

*Front, L to R—Mr. A. Baals, Rambow, Rickershauser, Abrams, Roback, Nolte. Back, L to R—Pilling, Dougherty, Gorman, Henning, Pitts, Pasqualone, Raso*

*Front row—R. Webb, D. Peck, M. Sabatelli, L. Strater, W. Baldian, V. Piacyk, W. Cordner  
Back row—L. Haddix, J. Rodgers, L. Stom, J. Tress, C. Hahn, M. Fleitz, G. Hoffman, E. Schmidt, V. McCoy, G. Albright, C. D. Andrea*

Sandwiches, vegetables, salads, cakes, meats, gravies, dressings—these are just some of the food items studied and prepared in this course. The student is prepared to become a short order cook, head cook, second cook, or manager, according to his ability.

Assuring themselves that the food is "broiled to perfection", these students prepare lunch for the campus.

Front, L to R—M Guerra, D Adams, J. Hansen, Wesenstein  
Back L. to R—P Evans, C Ralph

Distributive Education is a four year program which prepares a person for a career in the field of merchandising and marketing of goods and services. The D.E. program also maintains an active chapter of the Distributive Education Clubs of America (DECA). DECA is a student-centered organization designed to build leadership and personal development in the fields of marketing and distribution.

Seated, L to R—D. Lower, C. Scheurer, S. Doughty, J. White, P. Lower  
Standing, L to R—D. G. Iman, M. Lacombe, T. Andrews, D. Barton

# DENTAL ASSISTANTS

*Standing, L to R—Mrs. B. Mexner, A. Cipolone, K. Shuster, D. Grim, D. Cack, L. Ruark, S. Murnan, D. Donnelly, L. Hegyi, M. Parkes, Mrs. C. Davis. Sitting, L to R—R. Cook, R. Capra, K. Olmstead, M. Maloney, M. Bonaccorso, E. Incudine.*

To prepare students for assisting in the dental office, the Course includes dental office management, dental sciences, dental terminology, laboratory techniques, operative techniques and dental radiography.

**Skilled hands at work**

# DENTAL TECHNOLOGY

L. to R.—J. Crinks, Mr. F. Croxson, N. Sambolna, F. Narvaez, D. McEwan, B. Adair, C. Dittmars, K. Neckelmann, L. Lombardo

This is a one year course, and is designed to introduce and develop knowledge and skills to the point where the student will have a complete understanding of, and the ability to construct dentures

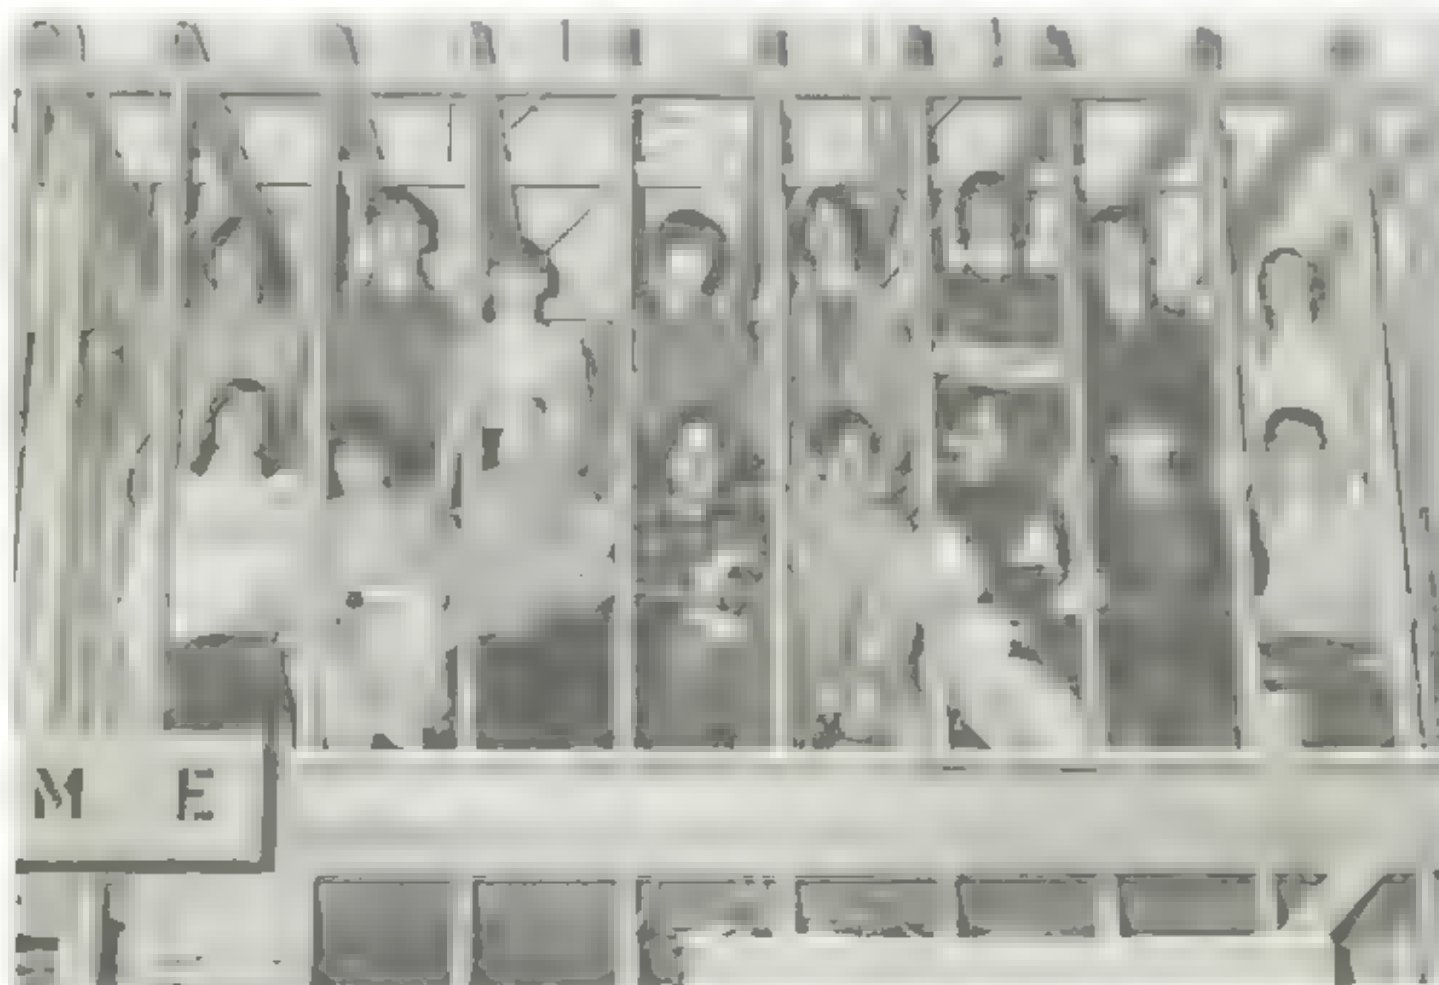

Casting denture plates is an essential skill in the Dental Tech course.

L to R—S Wdzieczowski, K Siderio; J Anderson, J Etheridge, J. Conchado; T D Agostino, D Miles, R Flexon, B Rivero, K Trendler, D Guileto, F Keubler, L Giannobile, S Rossi, E Beetle, F Rizzolo

In order to perform well in the electrical field, students are taught fundamentals of the trade: proper use of tools, house wiring, practical electrical circuit wiring, relays, motor control and pushbuttons.

Standing, L. to R—V Pichini, S Matchett, H Daly, R Lewin, K Gray, R McLeod, A Solloway, M Catabres. Kneeling L. to R—S Del Viscio, J Miller, E Pliess, D Gallagher, J Britt, G Van Auken, V Borokoff, H Vertue

L to R—Mr. Gellenthin, J. McCary, D. Belcher, B. Abrams, J. Hunt, J. Jackson, D. Morris, J. Jereck.

Practical work for these students include house-wiring, repairing and adjusting electrical appliances, and assisting in the maintenance of the school's electrical system.

Standing, L to R—W. Brown, W. Lentz, E. Thomas, J. Devereaux, J. Leshay, J. Bocchicchio, S. Valkusky. Kneeling L to R—J. Barnett, J. Gies, J. McGroarty.

Sitting, L. to R—W Marsey, J Haddix, W Maguire, J Jacobs  
 Standing, L. to R—J Boyle, W Barkoff, J. Mahoney, G. King,  
 M. Polidoro, H. Spiers, C. Sumosk

Insight into the field of electronics is gained by these students who learn the fundamentals of AC and DC circuits and components, transmitters and their stages, oscillators, basic computers and radar

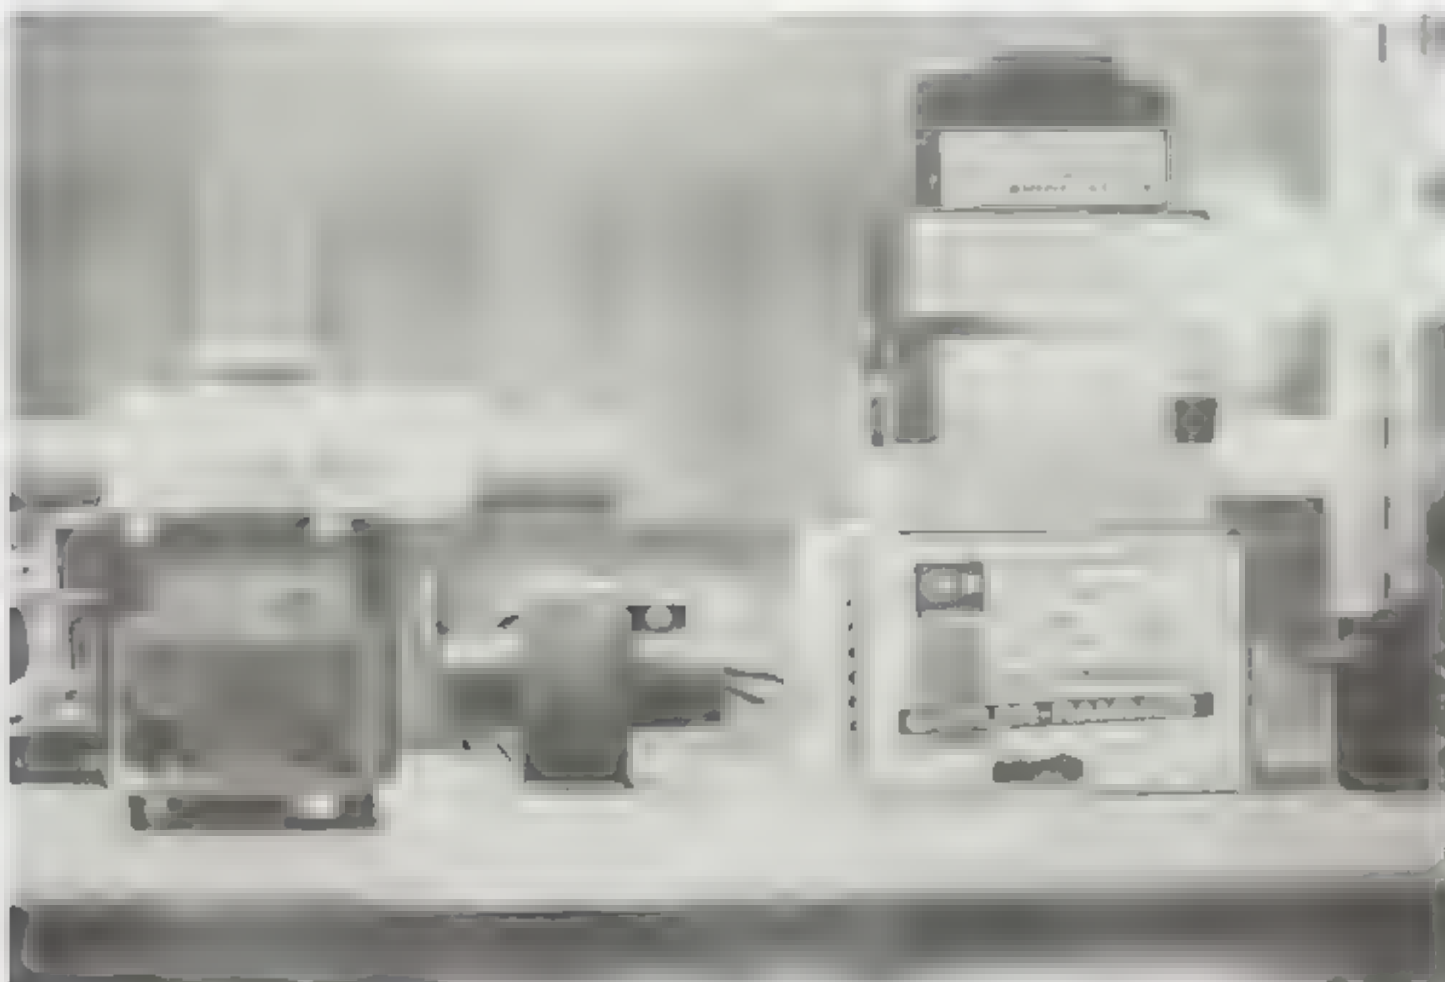

Sitting, L. to R—T Bannister, T Lyons, G. Guglietti, T O'Donnell  
 Standing L. to R—J Lewis, D Schroeder, F Alvarado, W Gallagher, R Archut, O Beach

Top row, L. to R—K. Dera, W. Bean; M. Santrock, A. Kayati  
Bottom, L. to R—L. Bruccolere, R. Craig, R. Bonfiglio, S. Eisen-smith

A more advanced and in depth study of the electronics area is the scope of this course. Basic transmitters, receivers, AM, FM and antennae and frequency measurements are all studied

Without electronic equipment, there would be no electronics

L. to R.—D. Abrams, M. Yecco,  
P. Stein, W. Colwell, C. Miner,  
D. Pastura, S. Craig, V. Jackson

The Foods Businesses Shop is part of the Division of Special Needs. It is designed to provide students with various experiences before moving into a specific shop area: office work, sales, sewing, food preparation, nurse's aid, and child care, and steam pressing.

L. to R.—P. Pacione, E. Brooks,  
M. Duffy, Miss S. Piazza, Mrs.  
M. Peacock, H. Kelley, D.  
Wright, M. Ballard, C. Reed, R.  
Knatt

L. to R.—P. Fong, T. Skobodzinski, N. D. Stefano, Mrs. M. Davis, J. Moore, E. Atson, A. Nelson

The technician learns how to assist the librarian in reference work and preparation of materials for library use. Employment may be found in school, business, public or research libraries.

This program is designed for training Post Secondary students to be technicians, supervisors, and inspectors in the Food Processing Industry. The two year course includes classroom technology, formulation of new products, Quality Control laboratory and shop.

# MACHINE DRAFTING

Front row—T. Mier, S. Hartman, C. Genarie, F. Worley, A. Guilo, L. Shearer, D. Dera. Back row—G. Jones, H. Spencer, J. Farrell, M. Egerton, S. Vacca, R. Pichini, B. Mullins, Mr. Proebstle

Preparing for the rewarding field of drafting in the machine industry the student works in orthographic projection, screw threads and work drawings, getting to know and use the many tools of the profession

A study in concentration

# MACHINE SHOP

Front row—B. Marzilli, F. Mattia,  
M. Seran, J. Sheehan, D. Cook  
Second row—J. Moore, R. Iul-  
lucci, H. Nips, C. Ordille, J.  
Hawks. Third row—S. Simpkins,  
J. Rue, B. Bromley, J. Ottinger,  
B. Terry. Fourth row—S. Satlin,  
J. Shuck, F. Counsellor, S.  
Turner, C. Nelson.

A stepping stone to many fields of specialization, this shop offers progres-  
sion from basic machine operator to mechanical engineer. Slotting, drilling,  
reaming, dovetailing, cutting threads and turning cylinders are all areas of  
instruction.

J. Smick, P. Smith, T. Ander-  
son, C. Sigwart, W. Schwab  
Back row—B. Zeisweiss, G. Fos-  
ter, D. Egan, L. Kucheruck.

*Front row—W. Flynn, G St John, V Bruzzese, J Gorman, T Leathern. Back row—J Piuta, K Russell, A Giovanazz, K Wicks, C Mason, M Frame, D Rossman.*

With a Boiler Operator's License as a goal, these students learn the basics of all maintenance areas — plumbing, pipe threading, woodwork, electrical work, tool maintenance and training in meeting emergency situations.

*K. Kelly, J. Neisser, B. Berry, J. Fletcher, J. Campbell, D. Zanghi, R. Both.*

A Colli, C Saunders, E Pedrick, R. Kates, K Gravenor, C Stano, F Parker, E Sickler, M Lewell, J Dauder, J Keenan, K Goldsborough, B. Glover, M Gorman, J. Fisher, E Hopkins, H Shappell

Masonry shop provides an opportunity for prospective block and brick masons to learn the tools and develop the skills to be gainfully employed in the trade

B Scavone, P Jamison, C Flack, McNally, P Preziose, H Scheorer, D Wentzel, L. Massing, J. Rabbi, M Murray, R Cooley

Front row—D Conover, J Packer, N. Tessing, P Sobolewski, M Gaw, D Sheppard Back row—K Coyle, D Lewis, B Keenan V Perkins, L Dewedoff

This course is designed to train young women for a career in the physician's office. It will prepare her to help the doctor with his patients, to do routine laboratory tests, to assist with X-ray and to act in the capacity of receptionist, medical secretary and office assistant.

Making sure of the right technique and all of its steps, future medical assistants practice their trade

Front row—L. Kovalesky, A. Esposito, M. Giliberti, L. Whitworth, P. Kolsun, L. Tomasone. Back row—D. Victor, R. Lowe, K. Robinson, C. Curtiss, E. Lampson, S. Schurle, L. Murphy, C. Newton.

This is a diversified course offering Hematology, Anatomy and Physiology, Clinical Chemistry, Bacteriology, Urinalysis, Histology, Blood Banking, Seriology, Parasitology, Mycology, Virology, EKG, and Toxicology. Any student with the proper training may become a specialist in any of the above fields.

Interpreting the findings can pose a problem before the laboratory technician becomes experienced in the trade.

# CANDIDS

"All work and no play makes Jack a dull boy and Jill a dull girl"; our students do not seem to have that problem, however

# PLASTICS

*Standing*—Mr Oman, W Johnson, P Romagnoli, M Lynch  
*Sitting*—A. Pascione, J. Barclay, J Polanti

Students in the plastics and silk screening shop learn a much needed skill used in a very rapidly growing industry

*Sitting*—P Jones, S Krause, D Anderson, H. Herron *Standing*—M Maher D Hunt, A Nocella, W Long

*First row—Mr. Holodnak, J. Shendock, A. Fennimore, G. Berstler, G. Wilson, R. Cisz, J. Reading, G. Thomas, K. Rodgers, R. Keen, B. Berger, M. Gray, J. Klausner. Second row—M. Sandro, D. Watson, L. Deeney, G. Dillard, S. Brown, W. Kopakowski, G. Standen, M. Yost, J. Head, J. Fidenza, H. DeBlase, G. Devine, D. O'Brien, K. Bailey.*

The purpose of this shop is to teach students how to install sanitary systems in home or industry as well as how to install heating units in homes using baseboard heat, steam heat and radiant heat. The major project is bathroom installation.

*Front row—Mr. Holodnak, B. Murdock, S. Baxter, J. Ward, J. Staller, J. Schafer, M. Healey, G. Rooney, G. Prodell, J. Sloss, V. Scriboni, W. Niedoba. Back row—J. Kasin, K. Holloway, S. Fogliano, B. Emmons, J. Buckhold, F. Daywalt, J. Lewis, T. Cronk, M. Vitagliano, P. Bastie.*

Front row, Sitting—C. Aune, K Burgess, E Price; A. Davy; S Schultz, M Gray, D Stevens, B Chambers Standing—Mrs. Maxner—Instructor, W Baker; C Tomkewicz, L. Christensen, C Stocklos, D Johnson, M Rech, D Liss, C Atturo, V Dodd, R LeClare, B. Stinger, F Scott, B Bishop, H Houston, Mrs Young—Instructor

This course is designed to provide the training for qualified, licensed practical nurses. The first 16 weeks centers around classroom instruction and the remainder centers around clinical experience in affiliating hospitals. The student becomes a Licensed Practical Nurse after passing State Boards.

Equipment of the trade is in evidence here

# PRINTING

Bottom—T McGovern, T Parker, J. Moran, R Britt, W Lange  
Top row—C Osborne, J Punch, J Frampton, J Jack, G Deal, C Costello, B Green, L. Randazzo, N Calve

Printing is a four-year program in which the students learn various forms of camera reproduction, J B composition, offset and letter press printing.

M Widman, J Carter, W Werner, B Egolf, W Clickstine, J Carter, G McMahon, N Calve

# RADIO AND TELEVISION

Front row—R. LeFever, D. Lord,  
P. William, R. Albright, D. Pacific,  
c. R. Byrd, C. West, D. Johnson,  
B. Snyder—Back Row

Radio & T V repair is a two year course in which the students are taught to repair AM radio, FM radio, FM multiplex, Black-White T V, Color T V, and Tape Recorders

Front—Edmund Fantasia, G.  
White, W. Delano, Mr. Auge.  
Rear—G. Goscak, J. Petsch, R.  
Hamilton, T. Williams, J. D. Meo

# SHEET METAL

J. Galezniak, F. Fillman, M. Murray, J. Kowasa, J. Ginther, Mr. C. Daniel, J. DeCarlo, D. Cunningham, R. Combs, M. DeFalco, W. Kroplin, P. Fitzpatrick, T. Nichols, H. Perkins, T. Blake, J. Howell, M. Harris, R. Stant, F. Pugh, C. Lincoln, G. Keedy, T. Myers

Sheet Metal work can be roughly divided into five areas. Planning and layout, parts fabrication, operation, assembly, installation, and repair and maintenance. A broad experience in the fundamentals and basic skills of these areas is what we strive to accomplish in this course.

S. Diotato, T. Fitzpatrick, J. Pagaluso, B. Conti, J. Russo, T. Chapman, F. Somogy, C. Bennett, G. Travaglio, K. Champion, E. Stant, B. Rogers, B. Jones, J. Traynor

# SMALL ENGINE REPAIR

W. Smith, J. Johnson, M. Bass,  
P. Freedman, A. Nocella, E.  
Boogaard, Mr. Bodine—  
Instructor

The course familiarizes the students with the important concepts of machines that apply to internal combustion engines. The students build skills in the proper use of tools as they test, repair and overhaul two and four cycle engines.

Back row—D. Hunt, M. Squibb,  
J. Caruso, R. Grube, S. Krause,  
E. Smith, Mr. F. Bodine Front  
row—R. Gerseuson, J. Sadoff,  
J. Derienx, D. Anderson, W.  
Johnson

# STATIONARY ENGINEERING

Front row—B. Flynn, J. Gorman, A. Giovinazzi, V. Bruzzese, T. Leathern Center row—P. Certo, E. Regner, G. St. John, K. Russell Back row—K. Wicks, C. Mason, M. Frame, G. Dolbow, B. Kernan, L. Brooks

This Program provides boiler room training and classroom instruction aimed at qualifying graduates for Black and Blue Seal licensure established by the State of New Jersey. Both gas and oil boiler systems on the campus serve as training grounds.

Top—D. Zanghi, L. Amino, J. Fletcher, R. Both, J. Campbell, J. Neisser, K. Kelley Bottom—J. Wozniak, H. Posey

# TOOL AND DIE

*Standing*—Mr. Cunningham, L. Crouse, S. English, R. Heil, J. Tweedie, D. Lazaro, W. Kerp  
*Kneeling*—S. Lloyd P. Carey, R. Matlock, N. McCracken, R. McCann, G. Petelt

This shop is involved in a tool, die and injection mold program. The students build these tools from blueprints drawn in the machine drafting shop. The latest in machine tools such as numerical controlled machines are used in the building of these tools.

*Kneeling*—G. Schwartz, A. Povilis, G. Weigand, J. Speyerer, R. Linsky, S. Tomaszewski  
*Standing*—Mr. Cunningham, Mr. Haas

# WATER AND WASTE WATER TECHNOLOGY

F. Schindler, G. Boyle, G. Brown, A. Cocco, E. Boom, S. Marsello

These students receive instructions in microbiology, bacteriology, related hydraulics, sanitary chemistry, and principles of water and treatment. Graduates may want to fill the great need for licensed plant operators or superintendents, to become laboratory analysts or go into related fields of industrial research or sales.

D. Riffert, T. Hill, T. Skobodzinski, D. Eckhart, G. Hurst, D. House, D. Duffy, T. Rohfing, J. McPeak

# WELDING

*Standing*—M. McRory, J. Welsh, P. Malusheski, T. Hinton, H. Hacking, P. Niblic, Mr. Schrader, R. Marvin. *Kneeling*—J. Sykas, C. Davis, E. Riley, B. Schultz, R. Harper, D. Grasso

All of the various aspects of welding—overhead, horizontal and vertical — are learned in this course. Students also learn shop safety and good work practices.

*Standing*—J. Welsh, B. McCory, D. Gottschall, T. Bilderbac, P. Sullivan, R. Shearer, M. Oehrl, J. Montbrieth, J. Cataldi, Mr. Schrader, E. German, P. Sandrockl. *Kneeling*—D. Grasso, D. Flynn, A. Rivera, D. Hemsley, C. Harrel, H. Wakley, L. Schumam, P. Tripoli

Pay up Mr. Welch!

We've got to stop meeting like this

Now where d d I hide that *Playboy*?

And I hear that she told her that I sa d he

Now I might say this  
about that-

## SENIOR CLASS TRIP

Mount Airy Lodge

February 7, 8, 9

Dorothy Worley of Architectural Drafting had the distinction of being the first JUNIOR MISS in the four-year history of C C V T S Gloucester Township Campus. One of twenty-four contestants in the running Dorothy offered an ease presentation—The History of Architecture—as her talent. Her beautiful drawings and accompanying commentary prompted many favorable remarks from members of the audience. Schoolmates and faculty members present had just reason to be proud of Dorothy and the very capable way she represented our school.

## To the Seniors — 1973

We see so many ugly things  
Decents and wrongs and quarrelings,  
We know, alas! we know  
How quickly fade  
The color in the west  
The bloom upon the flower,  
The bloom upon the breast  
And youth's blind hour.

Hold fast—hold fast your dreams.
